

Attention Local 111 Members

JOB ACTION #2

Sisters, Brothers and Siblings,

Effective Monday, August 24th, 2026, Unifor 111 will be implementing the **"Think 50 Campaign"** to support and improve our working conditions.

We have heard the memberships concerns regarding run schedules and recovery times. As part of this ongoing job action, we are asking every operator to:

- Drive the posted speed limit.
- Ensure all passengers, especially seniors and passengers with mobility needs, are seated and secured.

Together we can make a difference. Your participation, solidarity and commitment are essential to the success of this campaign.

Let's stand together as a Local 111 Team!

In Solidarity,

Unifor Local 111
