THINK 50 CAMPAIGNS — KNOW YOUR RIGHTS & TAKE YOUR RECOVERY

Starting next week, the **Unifor Think 50 Campaign** will be ramping up across the system, with a focus on **SOME** of the most problematic routes where **run times and recovery times are not meeting the needs of Operators**.

You will see your **Property Representatives, CJS, and other Union Representatives** out in the loops, speaking with members about the **Think 50 Campaign** and the importance of taking a **reasonable and appropriate recovery**.

The Think 50 Campaign is about making sure Operators have sufficient time to safely complete their work, take their required recovery, and operate the system without being pressured to sacrifice safety or their contractual rights.

THIS WEEK'S THINK 50 LOCATIONS

Our Union Representatives will be attending the following locations throughout the week: from 0700- 1400

Date	Depot	Route	Location 1	Location 2	Rep 1	Rep 2	Rep 3	Rep 4
